SUMMARY

Computer Science graduate with hands-on experience in Java, Spring Boot, React.js, JavaScript, and SQL. Developed and deployed full-stack web applications with REST API integration and database management. Strong problem-solving, analytical thinking, teamwork, and communication skills with a passion for building scalable applications and learning modern technologies. Seeking an entry-level Software Developer / Full Stack Java Developer role to contribute and grow in a professional environment.

EDUCATION

B. Tech – Computer Science& Engineering	CGPA: 6.58/10
Rise Krishna Sai Prakasam Group of Institutions, Valluru, India	2020 - 2024

TECHNICAL SKILLS

- | | |
|-------------------------------------|---|
| • Programming | : Java |
| • Web Technologies | : HTML, CSS, JavaScript |
| • Libraries & Frameworks | : React JS, Spring Boot, Bootstrap |
| • Databases | : Oracle SQL, PLSQL |
| • Version Control | : Git, GitHub |
| • Developer Tools | : Visual Studio Code, Eclipse |
| • Productivity Tools | : Microsoft Word, Microsoft Excel, Microsoft PowerPoint |

PROJECTS

NextHire – Intelligent Hiring Platform <https://next-hire-frontend-one.vercel.app/>

- Developed a full-stack hiring platform using React.js, Spring Boot, Java, SQL, and REST APIs.
- Implemented user authentication, role-based access control, job posting, job search, and application management functionalities.
- Designed responsive user interfaces for job seekers and recruiters to improve user experience across devices.
- Developed RESTful APIs for managing users, jobs, and application workflows with efficient database integration.
- Utilized Git and GitHub for version control and deployed the frontend application using Vercel.

Weather Forecast App <https://weather-phi-ochre.vercel.app/>

- Developed a React.js single-page application integrating public REST Weather API.
- Integrated API calls to fetch and display real-time weather data for 100+ cities.
- Implemented asynchronous API calls using `fetch()` to retrieve real-time weather data.
- Added error handling and input validation to manage invalid search attempts.
- Deployed live application via Vercel with GitHub integration.

CERTIFICATIONS

- Full Stack Java Developer Certification – Naresh I Technologies.
- Attained AWS Cloud certification – AWS Academy.
